Result															
1st overall	Brendan Purcell		(1st overall not included in handicap)												
1st Handicap	Ken Davitt														
Best Regularity Run	Igor Teterin														
Regularity Run Hare	Killian Bannon														
Regularity Run Tortoise	Paul Lynch														
Comment By GOC															
Regularity run was secret element of event, keeping a 30mph average had been mentioned at the start															
Igor lost out badly because of navigation error															
We all know why Killian's concumption was so poor!!!															
Weather good except for a few showers around 3 o'clock															
Museum visit enjoyable															
Thanks to Jim Boalnd of Boland's BMW Waterford															
Thanks to the competitors for making the day such a sucess
